2.3	Access rights	6
2.4	Adding folders	7
2.5	Adding Documents	7
2.5.1	Uploading by a form	9
2.5.2	Take from library	10
2.5.3	Drag & Drop	10
2.5.4	Import from server file system	11
2.5.5	WebDAV	12
2.5.6	PHP-Script	12
2.6	Adding new document versions	12
2.6.1	Uploading by a form	12
2.6.2	Drag & Drop	12
2.6.3	WebDAV	13
2.6.4	Check Out/In	13
3	Administration	15
3.1	Admin-Tools	15
3.2	Users management	16
3.2.1	Add a new user	17
3.2.2	Edit an existing user	18
3.2.3	Disable an user account	18
3.2.4	Delete an existing user	18
3.2.5	Deleting a user from all processes	20
3.2.6	Transferring objects	20
3.2.7	Substitute user	21
3.3	Groups management	21
3.3.1	Create a new group	21
3.3.2	Add new members to an existing group	22
3.3.3	Toggle the group manager	22
3.3.4	Remove group members	22
3.4	Backup tools	22
3.4.1	Versioning file creation	22
3.4.2	Archive creation	23
3.4.3	Database dump creation	24
3.4.4	Files deletion	24

3.5	Log files management	25
3.6	Global keywords	26
3.6.1	Define keywords	26
3.6.2	Rename and/or remove keywords	27
3.6.3	Delete a keyword category	27
3.7	Categories	27
3.7.1	Manage categories	28
3.8	Attributes	28
3.9	Workflows	28
3.9.1	Workflow states	29
3.9.2	Workflow actions	29
3.10	Fulltext index	29
3.10.1	Update fulltext index	29
3.10.2	Create fulltext index	29
3.10.3	Fulltext index info	29
3.11	Contents overview	30
3.12	Charts	30
3.13	Folder/Document check	30
3.13.1	Document missing	30
3.13.2	Unlinked content	31
3.13.3	Missing filesize	31
3.13.4	Missing checksum	31
3.13.5	Duplicate Content	31
3.13.6	Processes without user/group	31
3.14	Timeline	32
3.15	Manage extensions	32
3.16	Version information	33
4	Configuration	35
4.1	Site settings	35
4.2	System settings	37
4.3	Advanced settings	39
4.4	Commands for extracting text from files	41
4.5	Commands for creating preview images	41
4.6	Commands for creating pdf previews	42
4.7	Properly configuring email	42
4.7.1	Running a mail server on localhost	42
4.7.2	Using SMTP	42
5	Fulltext indexing	45
5.1	Which documents are indexed?	45
5.2	Indexing	46
5.3	Fulltext engine	48
5.4	Commands for indexing	48
5.5	Running the indexing task	49
5.6	Running the indexing script	49
6	Introduction to Workflows	51
6.1	Do I need workflows?	51
